

Enviro '08- OH&S Statement

Risk and Safety Policy

At the Enviro 08, we are committed to the health, safety and welfare of our employees, event suppliers and to the people affected by our undertakings, including delegates, visitors and exhibitors.

Commitments

As part of our overall risk and safety program, Enviro '08 is committed to:

- complying with relevant legislation, codes of practice, standards and guidelines applicable to Enviro 08 and to exceed industry best practice standards
- documenting, implementing and communicating the risk and safety policy to all employees, suppliers, contractors and venues and providing adequate resources to ensure this risk and safety policy is maintained
- seek, value and incorporate employees opinions in relation to decision making processes impacting on workplace health and safety
- providing appropriate training to employees and suppliers where appropriate
- pro-actively liaising with venues to collaboratively provide a safe venue for all stakeholders, and
- periodically reviewing our entire risk and safety program to ensure it remains relevant and appropriate given the nature of our business.

Objectives

The overall objectives of our event risk and safety program are:

- zero injuries
- to provide effective and meaningful consultation to employees regarding issues that affect their health, safety and welfare
- to implement a risk and safety management program to identify, assess and control all risks to the health, safety and welfare of all people affected by our undertakings, and
- to provide adequate information, training, instruction and / or supervision to all employees and suppliers to ensure work is conducted in the safest possible manner.

Responsibilities

Event Organisers

The promotion and maintenance of risk and safety is primarily the responsibility of event management. To this end, it is the management of Enviro 08's responsibility to develop, implement and keep under review, in consultation with venues, suppliers and employees, a risk and safety program capable of managing risks associated with the running of exhibitions.

Suppliers

Each supplier is required to ensure that the intent and requirements of the risk and safety plan are effectively met and implemented in their areas of control, and to support any subordinates and hold them accountable for their specific responsibilities, including sub-contractors.

Employees, Delegates, Exhibitors and Visitors

All event participants are required to cooperate with the intent of the Enviro08 Risk and Safety Policy and supporting procedures to ensure their own health and safety and the health and safety of others in the workplace.
